

'NextGen Information Meeting and ADS-B'

This event will acquaint attendees with the Next Generation Air Traffic Control system (NextGen) and provide requirements for on-board aircraft equipment (i.e., ADS-B). An overview of hardware and software is presented together with operational theory. Benefits of the NextGen system are discussed, particularly in the General Aviation context.

Directions: This event will be held in Akron-Canton Airport, 2nd floor conference room. Parking passes will be provided following the event.

Enter the main terminal building (Door 3) and the conference room is located on the second level. There is an Information Desk near Door 3 to assist with directions to the 2nd floor conference room.

For turn-by-turn directions please use internet software such as GoogleMaps, MapQuest, Rand McNally or similar.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
